

Paper published: Reference Management meets Web 2.0

Martin Fenner, Gobbledygook

October 8, 2010

Cellular Therapy and Transplantation today published my paper Reference Management meets Web 2.0. Regular readers of this blog probably know about most of the things I talk about in the paper, but I hope it is a good introduction for those new to reference management.

The paper wouldn't be possible without FriendFeed, because Claudia Koltzenburg – the Managing Editor of the journal and regular contributor to FriendFeed – contacted me after one of our discussions there.
